# Environmental Policy Statement

Construct Bids Limited (CBL) is committed to the conservation and improvement of the environment and recognises its responsibility to manage and minimise the environmental impacts of our activities, products and services.

To achieve this, CBL has set the following key objectives:

1. To identify within our organisation and supplier network the significant environmental impacts of our activities and associated their carbon footprint
2. To develop suitable objectives, targets and management programmes, applying appropriate operational procedures to minimise our significant environmental impacts and carbon footprint during normal, abnormal and emergency conditions
3. Comply with relevant legislation, regulation and other requirements relating to our significant environmental impacts
4. To prevent pollution, minimise our inputs of utilities and resources and the outputs of emissions to the atmosphere, effluents to waters/sewers and wastes to disposal facilities; endeavouring to re-use, recover or recycle materials where practicable, or ensure safe and legal disposal where alternatives are not possible
5. Take into account the principles of sustainable development in conducting its administrative, commercial and social activities, using the procurement of materials from local, sustainable sources
6. To ensure that environmental responsibilities are defined, communicated and understood at all levels within our organisation through the provision of appropriate training
7. To ensure that suppliers and contractors understand the Company Policy and assist them in developing appropriate systems and a responsible approach concerning environmental issues
8. To communicate, co-operate and respond to the views of interested parties, including stakeholders, customers and the general public, on environmental issues, where this is practicable and likely to result in an overall improved environmental performance
9. To audit performance and continual improve in our overall environmental performance
